

Special program for young researchers “Meet Professors and Senior Researchers”

Create the new wave, new future, for slow growing chicken,
for better livelihood of small holder farmers

Suranaree University of Technology

9th July 2019

- | | |
|---------------|--|
| 08.30 | Registration |
| 09.00–9.15 | Opening
Assoc. Prof. Dr. Amonrat Molee
Suranaree University of Technology, Thailand |
| 09.15– 10.15 | Genomics: Genetic improvement for slow- growing chicken
Dr. Elisabeth Le Bihan-Duval: INRA, Nouzilly, France |
| 10.15– 10.30 | Break with Professors and Senior Researchers |
| 10.30– 11.30 | Nutrigenomics: Relationship between nutrition and genome
Dr. Michel Duclos; INRA, Nouzilly, France |
| 11.30 – 12.30 | The importance of balanced growth
Prof. Dr. Eero Puolanne: University of Helsinki, Finland |
| 12.30 – 13.30 | Lunch with Professor and Senior Researchers |
| 13.30 – 14.30 | Stem cell and Genetic conservation
Prof. Dr. Kagami Hiroshi: Sinshu University, Japan |
| 13.30– 14.30 | Application of Synchrotron light in slow-growing chicken
Research
Dr. Kanjana Thumanu: Synchrotron light research
institute, Thailand |
| 14.30 – 14.45 | Break with Professors and Senior Researchers |
| 14.45 – 17.00 | Discussion of slow-growing chicken breed and technology
improvement |

Application: send e-mail to amonrat@sut.ac.th and attach receipt of your payment, and students card (if it is available)
